

GOD Time

Day 1

Read 1 Corinthians 1:25

Week 1 02

God gave us brains and He wants us to use them. Going to school, learning, and studying are all really important and God uses all of these experiences to give us wisdom, BUT we have to make sure God is the one guiding our brains. If we count on our brains alone, it could lead to trouble, because our brains aren't perfect—only God is!

Visit this Web site to learn more about our brains and think about how much wisdom we can have if God guides our brains:

252 BASICS®

THANK God for His guidance.

GOD Time

Day 2

Read Proverbs 19:11

Week 1 02

We can't always trust our opinions, which is why it's important to look to God for wisdom instead. Here's an example: Imagine your brother is being mean, so in your opinion you should hit him. BUT in God's wisdom, you should treat him the way you want to be treated. Think about where your opinion could lead. Then think about where God's wisdom could lead. Wisdom is worth searching for; you just have to know where to look!

Think about a problem or choice you are facing. Fill in the blanks, and then pray about it:

In my opinion, I should _____

In God's wisdom, I should _____

252 BASICS®

ASK God to help you make the wise choice.

GOD Time

Day 4

Read 1 Corinthians 2:6

Week 1 02

It's important to look only to people who love you unconditionally (love you no matter what) for wisdom. This is because those people want what's best for YOU, even if it's hard for them. God, your family, and your Small Group Leader are all good choices of people to look to for wisdom because of how much they love you.

Ask a parent for an example of "bad advice" that they got from someone who didn't love them unconditionally. How can you learn from that story?

252 BASICS®

KNOW that God loves you no matter what.

GOD Time

Day 3

Read Proverbs 8:10-11a

Week 1 02

Wisdom is worth searching for, but we have to be really careful where we get it. The world around us tries to tell us what is wise, but God's standards are not the same as the world's standards. It's important to know the difference. For instance, the world tells us that money is the most important thing, but God says the opposite (Matthew 6:19-21).

Make a montage out of magazine clippings. Divide a piece of paper in half.

On one side, glue pictures of what the world says are wise choices.	On the other, glue pictures of what God says is wise.
---	---

252 BASICS®

LOOK to God for wisdom.
