

BABIES

OCTOBER 2011

Basic Truth:

God made me.

As you change a child's diaper or hold them in your lap, have a little tickle fun with them. Tickle different parts of their body as you say:

Do you know that God made you?

God made your toes.

God made your feet.

God made your tummy.

God made your hands.

God made your fingers.

God made your nose.

God made you!

WORDS FOR BABY

"Baby, God loves you so much. God made you and God loves you. God made those beautiful eyes you have. God made your precious little nose. God even made these teeny tiny fingernails. God made you little one. Yes He did. And, He loves you very much."
